

Department of Physics Netaji Mahavidyalaya

Department of Physics just organized a Quiz Competition on 5th January, 2024 to celebrate Students' Week from 02-08-January, 2024. The session was chaired by Head of the Department of Physics, Dr. Binay Malakar. All the faculties of the Physics Department conducted the quiz competition.

All science departments of Netaji Mahavidyalaya took part in this Science Quiz programme. The huge number of students participants were there. So we did a selection round to filter manageable number of students out of them.

The questions for the selection round can be found in the Physics Department website. We selected 8 (eight) groups out of all the students participants and each group contain 3 (three) students.

After 5 (five) rounds of main quiz events, we found our winners and they were from Chemistry, Physics and Mathematics departments. Obeying our college policy of "Green-and-Clean" initiatives, the Physics department presented some flower and indoor-plant samplings among the winners. The Geo-tagged photos can be found in the departmental website.
